### Definition

SVH  
(sis ALV 24%)

Definition-sarja koostuu kahdesta lattiakaiutinmallista ja yhdestä jalustakaiutinmallista. Uskomattoman puhdas ja dynaamiinen toisto takaavat nautinnollisen ja erittäin nopean ja tarkkan musiikki- tai elokuvaelämyksen. Dimension-sarjan kotelot on valmistettu korkeanlaatuisesta puusta ja ne on akustisesti optimoitu toimiakseen saumattomasti Dual Concentric elementtejen kanssa. Upea piano-viimeistely takaavat myös korkean WAF:in.

8000 5280 HG Walnut	<b>Definition DC8</b>	€2 999,00
8000 5281 HG Cherry	Bringing Definition technology to a stand-mount design, the DC8 offers the latest 8 inch Dual Concentric™ drive unit in a compact, curve wall cabinet constructed from the finest plywood. The WideBand™ tweeter technology offers exceptional high frequency extension, while the powerful bass driver and 19 litre port tuned enclosure offers class leading bass down to almost 40Hz.	
8000 5282 HG Black		
8000 5290 HG Walnut	<b>Definition DC8T</b>	€4 999,00
8000 5291 HG Cherry	Capable of resolving the finest musical detail or generating the power and dynamics of a full scale orchestra, the Definition DC8T is a commanding floor standing loudspeaker for the discerning listener. The latest 8" Dual Concentric™ drive unit with WideBand™ tweeter is augmented with a precision matched 8" bass driver in a thoroughly contemporary luxury finished cabinet.	
8000 5292 HG Black		
8000 5300 HG Walnut	<b>Definition DC10T</b>	€6 249,00
8000 5301 HG Cherry	The flagship of the Definition range. A powerful combination of Tannoy's latest 10" Dual Concentric™ driver with WideBand™ tweeter, precision matched 10" bass driver and an ultra rigid plywood cabinet results in a floor-standing design of outstanding musical articulation and class leading dynamics.	
8000 5302 HG Black		
8000 6291 HG walnut	<b>Definition DC10A - UUTUUS</b>	€13 750,00
8000 6292 HG cherry	The new DC10A is a speaker of pure refinement. A single point source Alnico Dual Concentric™ driver draws extensively on the acoustics of Tannoy's Prestige series, presented in a luxurious Definition series aesthetic. A thoroughly modern loudspeaker, rich with traditional values.	
8000 6290 HG black		
8000 5850 Walnut	<b>Definition DC6LCR</b>	€1 799,00
8000 5851 Cherry	For use as part of a multi-channel audio system, this new left / centre / right channel loudspeaker complements all other speakers in the Definition range. The DC6LCR combines the latest 6" Dual Concentric™ drive unit with WideBand™ tweeter and two supplementary 6" bass drivers providing natural midrange, high intelligibility, airiness and expansive sound staging.	
8000 5852 Black		
8000 6081	Definition DC8T Plinth satin black (kpl)	€95,00
8000 6091	Definition DC10T Plinth satin black (kpl)	€125,00
8000 6301 HG walnut	<b>Definition Subwoofer</b>	€4 500,00
8000 6302 HG cherry	A design of simplicity and purity of purpose; a 1KW amplifier drives a pair of 300mm long throw metal-cone drivers in a substantial plywood cabinet. A thoroughbred low frequency loudspeaker, engineered with Tannoy's fundamental principles of power and accuracy at its heart.	
8000 6300 HG black		
8000 6081	Definition DC8T plinth satin black (kpl)	€95,00
8000 6091	Definition DC10T plinth satin black (kpl)	€125,00

## Prestige GR

SVH  
(sis ALV 24%)

Tannoy UUDISTETTU Prestige-sarja GR

8000 4910	STIRLING GR - Stirling Gold Reference is the first step into the heritage and performance of Tannoy Prestige. This compact floorstanding loudspeaker is rich with bespoke cabinetry and a new Dual Concentric Gold Reference driver that can trace its history back to 1967.	€5 000,00
8000 4920	TURNBERRY GR - Conveying all the power and musical articulation of the new Gold Reference Dual Concentric driver yet housed in a more compact 100 litre cabinet, Turnberry GR brings Prestige performance to smaller rooms. The 10in Gold Reference Dual, unique to the Turnberry GR, uses a new paper pulp cone material with HE twin roll fabric surround and 1.3in aluminium alloy dome tweeter with Tulip WaveGuide.	€6 000,00
8000 5230	KENSINGTON GR - Tannoy's timeless Kensington Gold Reference continues the marque's heritage of blends time-honoured values with cutting edge performance. Its bold cabinet of finest mahogany plywood is extensively braced to house Tannoy's flagship 10in Gold Reference Dual Concentric™ driver.	€12 000,00
8000 4930	CANTERBURY GR - The Canterbury Gold Reference is designed for those who demand the power and passion of the 15" Gold Reference Dual Concentric™ driver yet require a more compact loudspeaker than the magnificent Westminster Royal. Tannoy's bespoke birch plywood cabinetry has been engineered with a Variable Distributed Port system allowing low frequency output to be tuned to suit any room dimensions.	€21 000,00
8000 4940	WESTMINSTER GR - The pinnacle of Tannoy's Prestige series engineering, the Westminster Royal Gold Reference sets a new benchmark for high performance music reproduction. Owing much of its evolution to Tannoy's Kingdom Royal development project, this magnificent loudspeaker employs the flagship 15" Gold Reference Dual Concentric™ driver. New driver cone materials, Mylar® surrounds, Alnico motors and a heat-treated alloy HF compression diaphragm ensures an even more dynamic presentation than previous 15" Duals with reduced colouration, sweeter treble and an incredibly natural mid-band response.	€34 000,00
8000 1320	ST-200 Walnut SUPERTWEETER - Designed for use with Prestige models. (kpl)	€750,00
8000 1430	ST-100 Black Ash SUPERTWEETER - Designed for use with any speaker.	€750,00

## Kingdom Royal - LIPPULAIVA

SVH  
(sis ALV 24%)

**Kingdom Royal by Tannoy: A statement in engineering excellence, hand crafted to exacting standards, setting a new reference for musical performance.**

Kingdom Royal is a new flagship loudspeaker representing the sum of Tannoy's rich heritage, cutting-edge technical innovation and world renowned acoustic engineering. A true no-compromise design, Kingdom Royal brings together a new series of Tannoy reference components, a radical new cabinet and the finest quality materials throughout. From the high gloss wood veneer and Italian leather trim to the all-new 12 inch Dual Concentric driver with its cryogenically treated 3 inch HF dome and compression motor, every component represents the pinnacle of materials technology and the summit of Tannoy's technical excellence. The result is unsurpassed acoustic performance, ultra-low colouration, high efficiency and musical integrity unmatched by any other loudspeaker on the market today.

8000 5860	Kingdom Royal	€50 000,00
	Kingdom Royal Carbon Black	€63 000,00
